

Vacancy: Short Term or Respite
For: 1-2 children of either gender
Age range: 0-8 years
Location: Kent

PROFILE OF MARGARET & JOHN H
SHORT TERM FOSTER / RESPITE CARERS

John and Margaret are a white British couple who have fostered for over 20 years - originally for a Local Authority before coming to Parents for Children 11 years ago. During this time, they have accumulated a wide range of experience of fostering children from all age groups, including a mother and baby.

The family lives in a 5-bedroomed house, with 2 bathrooms, about 3 miles outside Gravesend. The house is comfortable, spacious and welcoming and close to local schools and shops.

The whole family has shared fostering, including the couple's two sons who are now adults and live independently. Mr and Mrs H work as a team. They have a personal Christian faith and both accept and enjoy children of different backgrounds. They promote contact between foster children and their birth families and have particular skills in this area of work. They are also very skilled at preparing and supporting children as they move onto permanence.
