

**Vacancy:** Respite Care  
**For:** 1 child of either gender  
**Age range:** 4-10 years  
**Location:** Enfield

### **PROFILE OF OLIVIA & MARK K** **RESPITE CARERS**

Olivia and Mark are a young energetic couple who have one son of their own, aged 1½ years. Most of their extended family have been providing foster care over a number of years and the couple have provided respite for some of the children placed in their extended family's care.

Olivia and Mark live in Enfield, Middlesex, and have a 3-bedroomed semi-detached house with a rear garden. There are many clubs, activities and leisure facilities in the area and it is well serviced by the public transport system.

Olivia is currently at home full time with her young son. She enjoys music, swimming and socialising with family and friends. She likes to go walking at the weekend and is very much family orientated.

Mark is employed locally and works for a major blue chip company. He enjoys bike rides, craft model making and socialising.

What can they offer?

- respite care for one child aged between 4-10 years old
- extensive family experience of working with emotionally damaged children
